

I am a dedicated listener to K-LOVE. I believe that K-LOVE serves my local community by providing a radio station that is beneficial to both me and my family which includes my husband and two teenage children. K-LOVE is a positive influence within my family and our community and provides an excellent alternative to other kinds of music that is not positive. I believe that it is in the best public interest of my family and our local community that K-LOVE be allowed to continue broadcasting in Mesa, Arizona. Please do not allow other LPFM stations to take priority over my K-LOVE station.

Thank you.
